

GHT-940

GREAT HEART SEED

KEY STRENGTHS

- Extremely high yield potential
- Very consistent across a wide range of soils
- Excellent winterhardiness
- Very good scab tolerance
- Excellent standability
- High test weight

MANAGEMENT TIPS

- Widely adapted to various soil types
- Plant at medium high-to-very high populations
- Responds well to high management practices
- Responds to high / very high N levels & split applications
- Best adapted to the southern two-thirds of IN and IL

Seeding Method Seeds / Acre Approx. lbs. /acre

Seeding Method	Seeds / Acre	Approx. lbs. /acre
Conventional	1,700,000	125
No-Till	1,850,000	135
Broadcast	1,900,000	145

GHT-940 is an incredible high yielding variety! It can win the yield contests at the highest levels, or it can be the best you've ever had on that challenging piece of ground. It is tough out the gate and very durable. Add excellent winterhardiness, standability, test weight, and you have all the tools to ensure the most profit at the elevator.

RATING SCALE:
 1-2 / Poor
 3-4 / Fair
 5-6 / Good
 7-8 / Very Good
 9 / Excellent

M – Medium
 MT – Medium Tall
 MS – Medium Short
 S – Short
 T – Tall

CHARACTERISTICS

Category	General Characteristics
