

GREAT HEART SEED

HT-7240

112 DAY

KEY STRENGTHS

Very useable hybrid
 Adaptable from I-80 to Mexico
 Works coast to coast
 Silage or super high grain yields
 Eye appealing even through harvest

MANAGEMENT TIPS

Can be used reasonably well for anything
 Has record-setting yield capabilities
 Will handle drought
 Partner with HT-7261
 No need to push populations

HERBICIDE TOLERANCE

DROUGHT TOLERANCE

DRYDOWN

HT-7240 is not bullet proof for anything but is good at everything. It is an easy choice for top yields on productive ground, but also for tougher drought prone soils. Some will plant it for an optional hybrid for grain or silage as the need dictates. Perfect for variable soils. Perhaps the best go-anywhere performance hybrid.

CHARACTERISTICS

| Category | General Characteristics | |
|------------------------------------|--------------------------|----|
| Planting Management | Planting Rate | M |
| | Emergence | 7 |
| | No-Till Adaption | 7 |
